DESCRIPTION

The Champion 73001I-E portable inverter petrol generator is powered by a **new improved** 192cc Champion single cylinder, 4-stroke OHV engine that produces 3500 max watts and is loaded with extras like a USB interface & 3in1 Intelligauge.

Champion Inverters boast a unique feature with a digital 15 second power delay, which allows sensitive equipment to be left plugged in on start-up & shut down, a component unlike any other Generator.

With a 6 litre fuel tank this unit can run up to 8 hours at 25% load. Our OHV engine is equipped with a low oil shut-off sensor and designed for long life and easy maintenance.

This unit also contains true sine wave inverter technology making it safe to power all of your sensitive electronic devices.

Ideal for camping trips, hunting, travelling, picnics, and light jobs around the house. The built-in handle and wheel kit make it easily portable.
